WILLY con profilo / *WILLY with profile*

Design Antoy Filips

Willy con profilo è il pouf imbottito dalla forma quadrata e lineare, il complemento d'arredo che mancava a fianco del divano o delle poltrone in salotti dallo stile moderno. Questo elemento decorativo nasce dall'estro creativo del designer Antoy Filips e si presenta solido e importante, reso comodo dall'imbottitura. La particolarità del pouf Willy con profilo è data dall'affascinante seduta trapuntata impreziosita dal profilo metallico ben visibile vicino alla base. Il rivestimento non è sfoderabile ed è disponibile in pelle, ecopelle o tessuto. Questo pouf imbottito sa reinterpretare in chiave moderna forme classiche del design con un tocco di eleganza raffinata. Disponibile anche nella versione Willy senza profilo metallico.

Willy with profile is the padded pouf with a square and linear shape, the furnishing accessory that was missing alongside the sofa or armchairs in modern style living rooms. This decorative element was born from the creative inspiration of designer Antoy Filips and is solid and important, made comfortable by the padding. The peculiarity of the Willy pouf with profile is given by the fascinating quilted seat embellished with the metal profile clearly visible near the base. The covering is not removable and is available in leather, eco-leather or fabric. This padded pouf knows how to reinterpret classic design shapes in a modern key with a touch of refined elegance. Also available in the Willy version without metal profile.

Metallo/*Metal*

I metalli della nostra collezione vengono verniciati a polvere così da rivestire le nostre superfici a scopo decorativo e protettivo. Lo spessore finale della verniciatura a polveri, risulta particolarmente elevata contribuendo ad una serie di rilevanti vantaggi sul prodotto verniciato: resistenza meccanica, resistenza agli agenti corrosivi, scarsa infiammabilità, precisione nell'applicazione. Le verniciature a polveri utilizzate sono totalmente atossiche e prive di solventi, per questo motivo la verniciatura a polveri è una lavorazione ECO- FRIENDLY, a bassissimo impatto ambientale. Disponibile la versione cromata dove il metallo o l'alluminio vengono rivestiti di cromo, conferendogli così durezza, resistenza chimica e resistenza all'ossidazione. / *The metals in our collection are powder coated in order to coat our surfaces for decorative and protective purposes. The final thickness of the powder coating is particularly high contributing to a series of advantages for the painted product: mechanical resistance, resistance to corrosive agents, low flammability, precision in the application.The powder coatings used are non-toxic and solvent-free, for this reason powder coating is an ECO-FRIENDLY process, with a very low environmental impact. The chrome version is available where the metal or aluminum is coated with chrome, giving it hardness, chemical resistance and resistance to oxidation.*

Legno/*Wood*

Il legno che viene utilizzato è tra i migliori che esistono sul mercato europeo. Viene lavorato con le migliori tecniche garantendo così resistenza e durata.
The wood which is used is one of the best available in European markets. It is worked with the best techniques guaranteeing resistance and durability.

LEGNO MASSELLO/*SOLID WOOD*

Il legno utilizzato è un materiale di pregio che si caratterizza principalmente per la resistenza all'usura e per l'estetica. Durante il suo ciclo di crescita, sviluppo e maturazione, il legno si evolve nelle sue qualità come il cambio nel colore, nei nodi, e nelle vene. Essendo un materiale vivo, e naturale, può presentare delle variazioni di vene e di tonalità.
The wood used is a valuable material that is mainly characterized by its wear resistance and its aesthetics. During its cycle of growth, development and maturation, the wood's qualities. Evolve showing a change in color, in the knots, and in the veins. Being a living, natural material, it can present variations in veins and shades.
